

## Lesson 2 – ABC

1. What did A say about C?

A told B that he does not like C, and he lacks in his manners, because he always seems to turn his semi-circular back to A.

2. Who disagreed with B?

D disagreed with A and B.

3. What did D say about C?

He said that from where he stands, he looks at C as an incomplete O.

4. What is the reason for H to tell G that he was dropping him?

The reason that made H upset is that G pronounced ‘Ip, ‘Ip, ‘ooray!’ instead of ‘Hip, Hip, Hooray!’

5. What reason did V give for W to be twice his age?

V said that as a Roman, he should have a value of five, which makes W twice his age. W is nothing but a pair of V placed adjacent to each other.

6. What did X and Y say sleepily?

X and Y sleepily said that they all should look at the time and get to bed.
