

3. Articles

Worksheet 1

- A** Cross (X) out the incorrect articles in the paragraph and rewrite the paragraph with the correct articles.

According to a recent study by the organization, global warming may pose the significant threat to a food security situation in India. Global warming is a increase of the average temperature on earth. Over a last century, there have been many natural disasters and they have been increasing in frequency. Deforestation is one of a factors behind global warming. An emission of gases by vehicles is another factor.

A climate change would increase the number of people suffering from heat waves and displaced by natural disasters.

- B** Fill in the blanks with the suitable articles. Use a cross (X) if no article is required.

1. _____ ocelot is _____ cat.
2. My _____ sister got _____ award for her drawing.

6. _____ Indian Embassy opens at 8 a.m.
7. Many parts of _____ Sudan are inhabitable.
8. _____ Milky Way is _____ galaxy.

- C** Underline the articles in the paragraph.

RMS Titanic was a British passenger ship that sank in the North Atlantic Ocean on 15 April 1912. It collided with an iceberg on its maiden voyage and made headlines with the number of lives lost. The Titanic was touted to be unsinkable; however, nature had other plans for it. The name, *Titanic* is derived from the Greek word, *Titan*, meaning gigantic. A reason behind the huge number of casualties is the lack of enough lifeboats. Another reason was that the existing lifeboats were not filled to capacity initially.

- D** Tick (✓) the correct article to complete each sentence.

1. Manan goes to (a/an) public school.
