

SNS COLLEGE OF ALLIED HEALTH SCIENCE - CBE 35.

(Affiliated to the Tamil Nadu Dr.MGR Medical University)

DEPARTMENT OF CARDIAC TECHNOLOGY Paper III - 801533- ECHOCARDIOGRAPHY

QUESTION BANK STAFF-INCHARGE: KAVIPRIYA S

Reference-Tamil Nadu Dr. M.G.R Medical University question papers

UNIT III - Echocardiography in Valvular Heart Diseases 10Hrs

Questions	Bloom's Level	Exam Year(s)
1) Define Mitral Regurgitation.	Remember	2016, 2023
2) Mention criteria for grading of Aortic Regurgitation.	Remember	2018, 2024
1) Echo criteria for diagnosis of severity of Mitral Regurgitation.	Analyse	2023, 2024
2) Assessment of Aortic Stenosis using Continuity Equation.	Apply	2015, 2018, 2022
M 3) Echo features of Mitral Stenosis.	Understand	2016, 2024
4) Assessment of Prosthetic Valve Dysfunction.	Analyse	2014, 2022
1) Discuss Echo evaluation of Mitral Regurgitation (mild, moderate, severe).	Analyse	2017, 2023
2) Explain in detail about Dilated Cardiomyopathy.	Apply / Analyse	2023, 2024
3) Describe the echo features of Severe Mitral Stenosis.	Apply	2020, 2024
	 Define Mitral Regurgitation. Mention criteria for grading of Aortic Regurgitation. Echo criteria for diagnosis of severity of Mitral Regurgitation. Assessment of Aortic Stenosis using Continuity Equation. Echo features of Mitral Stenosis. Assessment of Prosthetic Valve Dysfunction. Discuss Echo evaluation of Mitral Regurgitation (mild, moderate, severe). Explain in detail about Dilated Cardiomyopathy. 	1) Define Mitral Regurgitation. 2) Mention criteria for grading of Aortic Regurgitation. 1) Echo criteria for diagnosis of severity of Mitral Regurgitation. 2) Assessment of Aortic Stenosis using Continuity Equation. 3) Echo features of Mitral Stenosis. 4) Assessment of Prosthetic Valve Dysfunction. Analyse 1) Discuss Echo evaluation of Mitral Regurgitation (mild, moderate, severe). Analyse 2) Explain in detail about Dilated Cardiomyopathy. Apply / Analyse
