

SNS COLLEGE OF ENGINEERING

Kurumbapalayam(Po), Coimbatore – 641 107

Accredited by NAAC-UGC with 'A' Grade

Approved by AICTE, Recognized by UGC & Affiliated to Anna University, Chennai

Department of Information Technology

Topic 7 – Security Governance

Security Governance

- A security steering committee should be developed
- whose objective is to focus on providing guidance about security initiatives and
- alignment with business and IT strategies
- A charter for the security team is typically one of the first deliverables from the steering committee.
- It define the roles and responsibilities of the security team and other groups involved in performing information security functions

Security Governance

Lack of attention to security governance can result in key needs of the business not being met, including but not limited to,

- Risk management,
- security monitoring,
- application security, and
- sales support.

Lack of proper governance and management of duties can also result in

- potential security risks being left unaddressed and
- opportunities to improve the business being missed

THANK YOU
