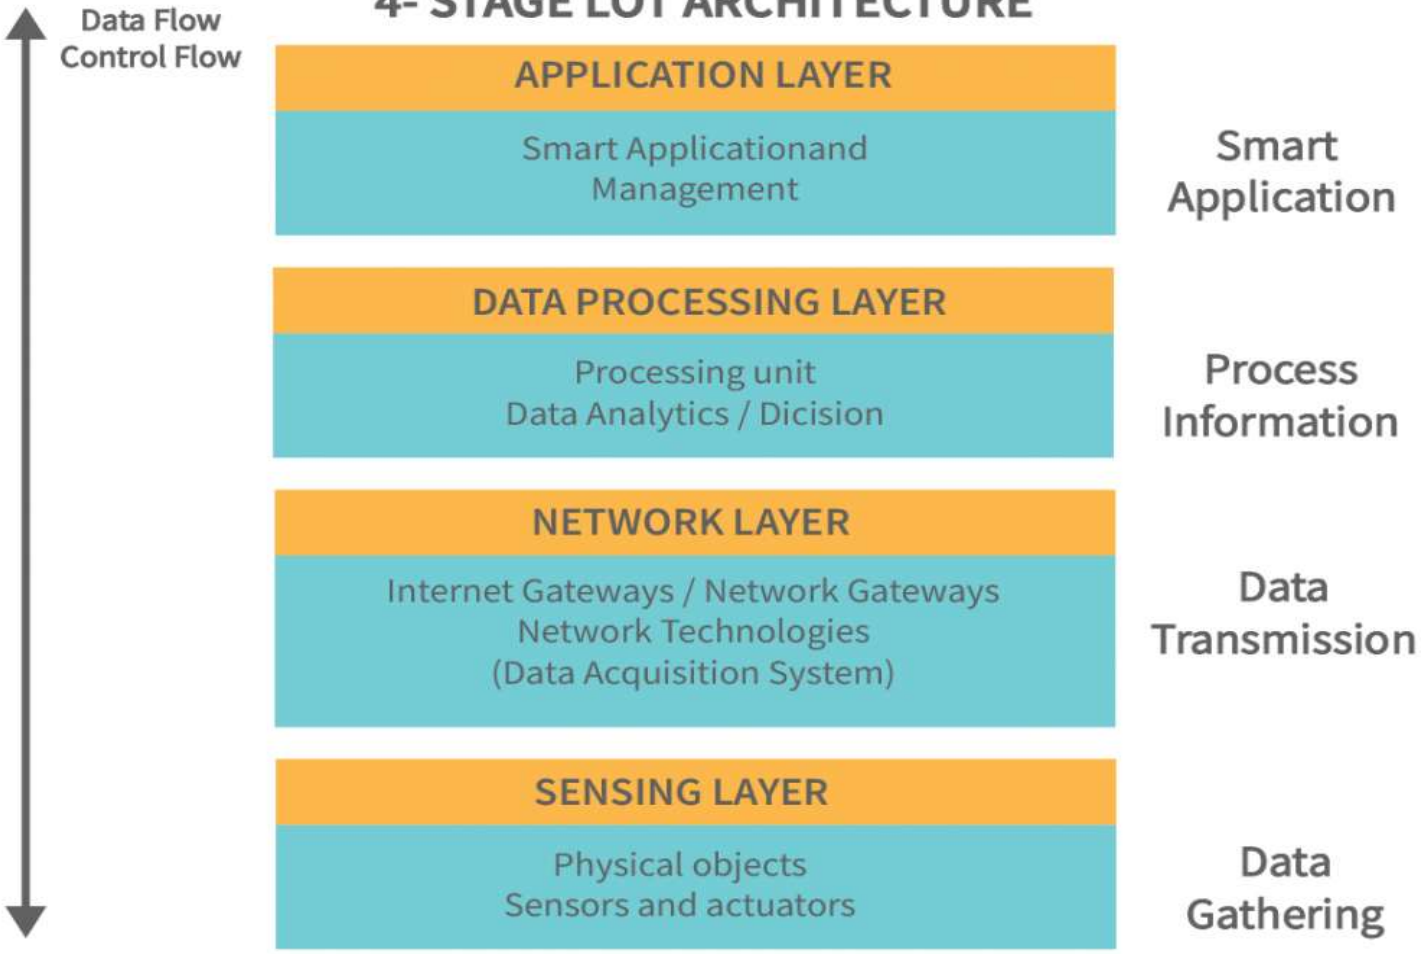
19EC621 – IoT and Wireless Sensor Networks

Unit -1 Overview of Internet of Things

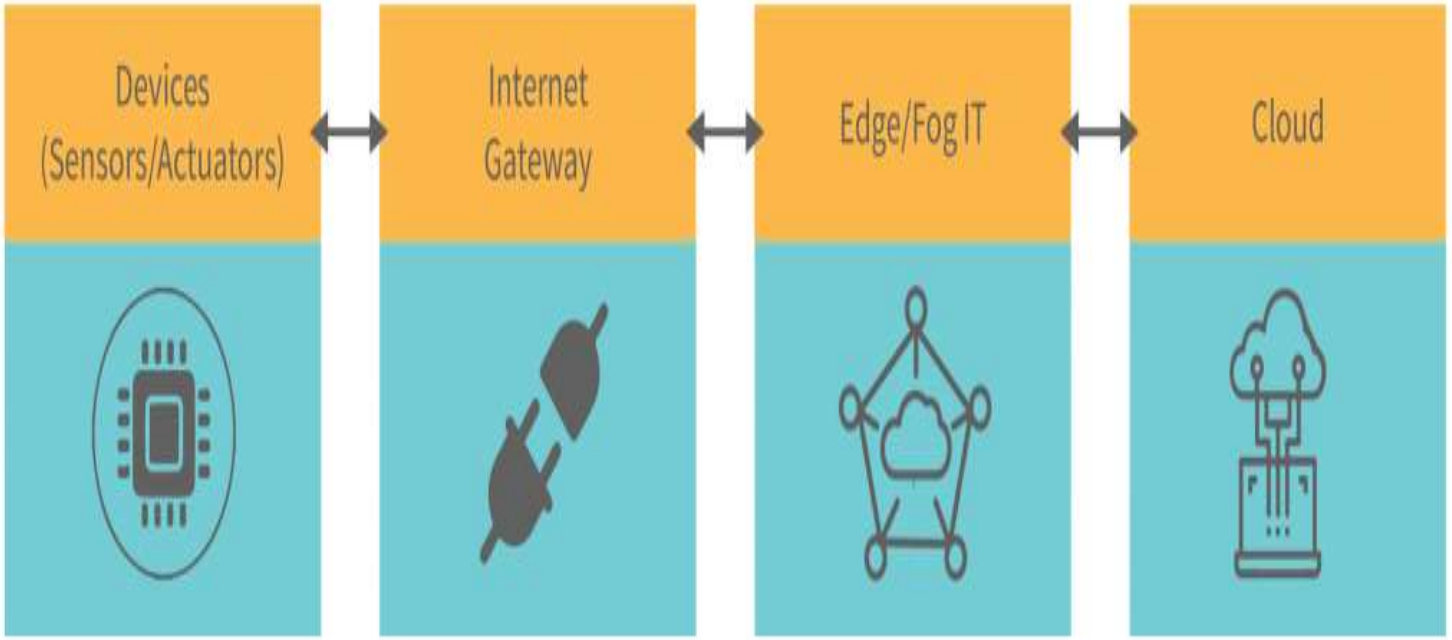
Examples of IoT. Modified oSI Model for the IoT/M2M Systems

4- STAGE LOT ARCHITECTURE

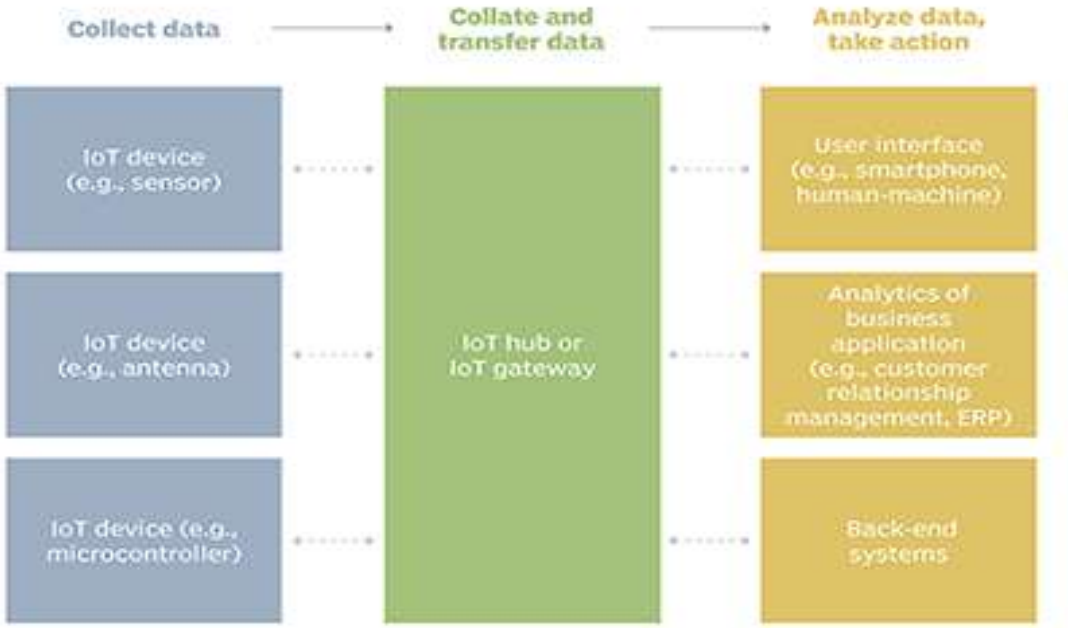


InterviewBit

Stages of IoT Solutions Architecture



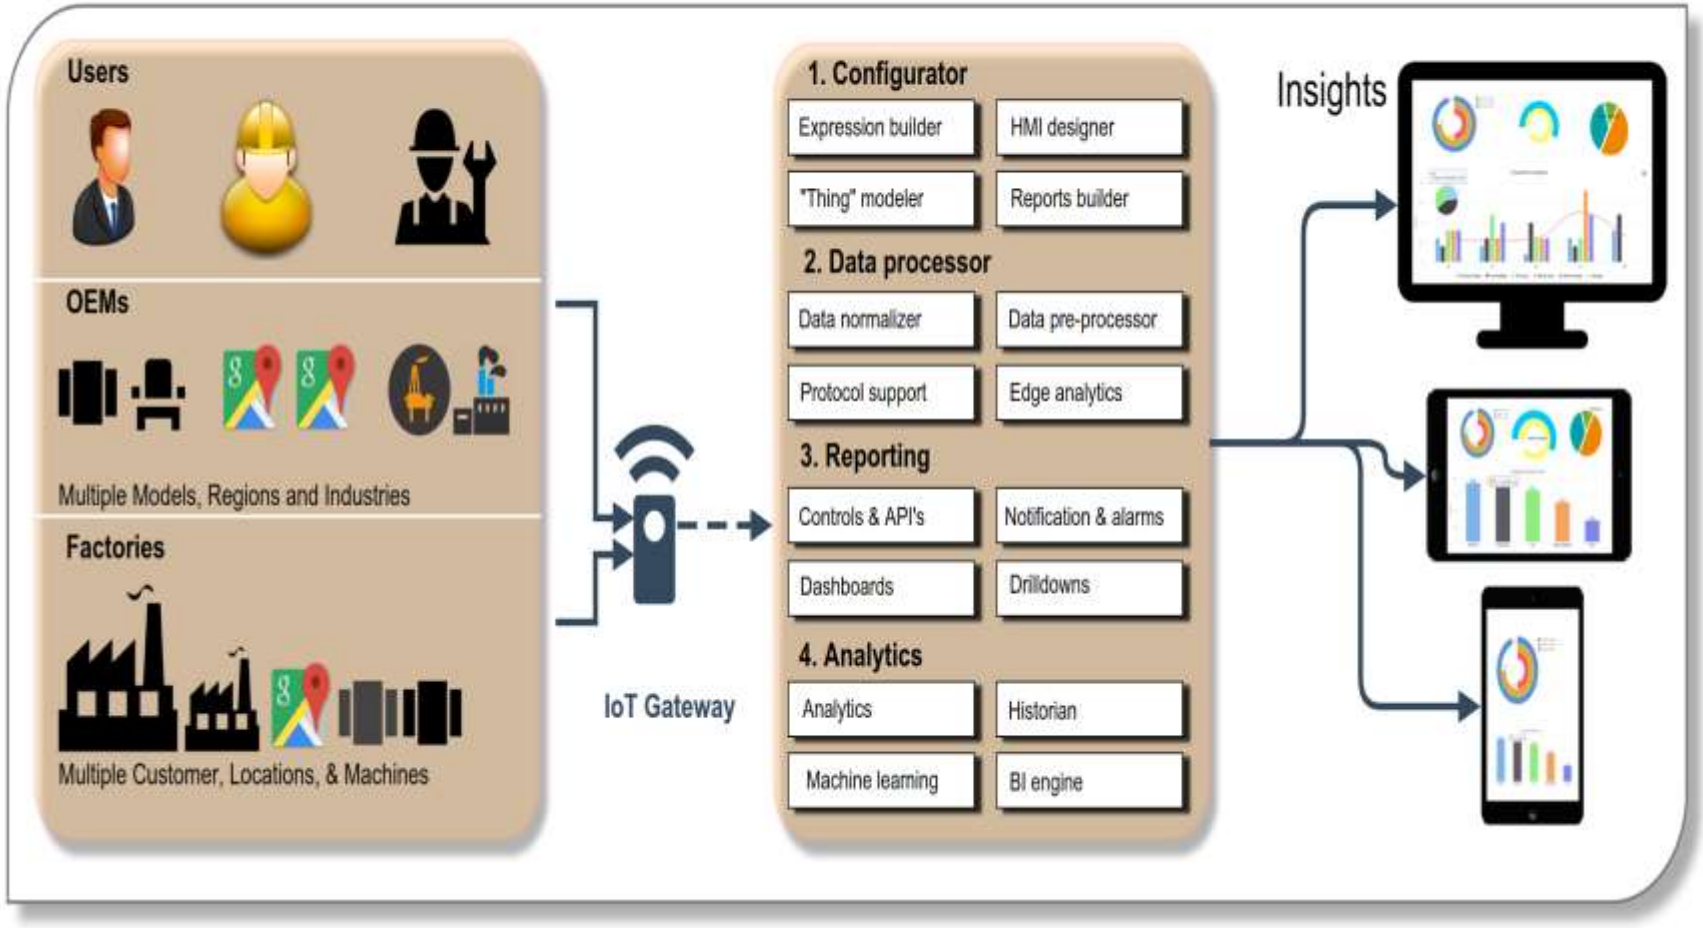
Example of an IoT system



IoT Technology & Protocols

- Several Communication Protocols and Technology used in the internet of Things. Some of the major IoT technology and protocol (IoT Communication Protocols) are Bluetooth, Wifi, Radio Protocols, LTE-A, and WiFi-Direct.
- These IoT communication protocols cater to and meet the specific functional requirement of an IoT system.
- There are 6 IoT Communication Protocols/ Technology, let us look each one of them.

Tools and Skills for IoT Solutions



Thank you
