Accredited by NBA – AICTE and Accredited by NAAC – UGC with ‘A’ Grade  
Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING(IoT and  
Cybersecurity Including BCT)**

**COURSE NAME : cloud service management**

**IV YEAR / VII SEMESTER**

**Unit II-**

**Topic : Cloud Strategy Management Framework**

## **Cloud Management Framework**

Enterprises work with different vendors to get the best out of all but managing the multi-cloud environment is a challenge. A vendor-agnostic framework to handle multiple cloud vendors like AWS, Azure or any hybrid environment will shift the focus of the enterprise from their core business values to handling multiple infrastructure issues. With every enterprise moving towards innovation and digital transformation, factors like cost overruns, security risks and managing impact, it becomes challenging to maintain the control.

## **Our Methodology**

Suneratech Cloud Management Framework brings together varied teams to focus on one common agenda of how existing IT and the new cloud environments can effectively work together. We help you manage traditional and multi-cloud environments across your enterprise with a unified Cloud Managed Framework.
