Sathy Main Road, SNS Kalvi Nagar,  
Saravanampatti Post, Coimbatore - 641 035,  
Tamil Nadu.

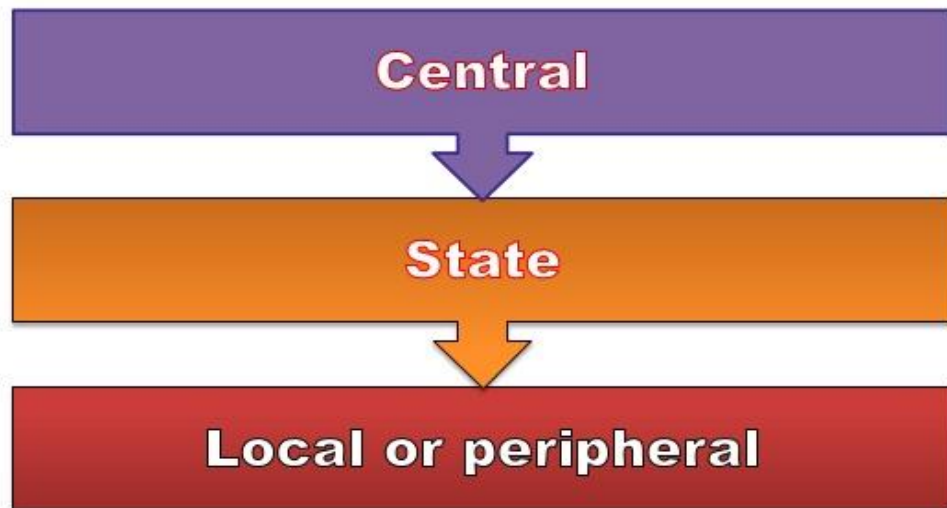

### Health Care Delivery System in India

- India is a union of 28 states and 7 union territories.
- States are largely independent in matters relating to the delivery of health care to the people.
- Each state has developed its own system of health care delivery, independent of the Central Government.
- The Central Government's responsibility consists mainly of policy making , planning , guiding, assisting, evaluating and coordinating the work of the State Health Ministries.

# Health System in India

The health system in India has 3 main links

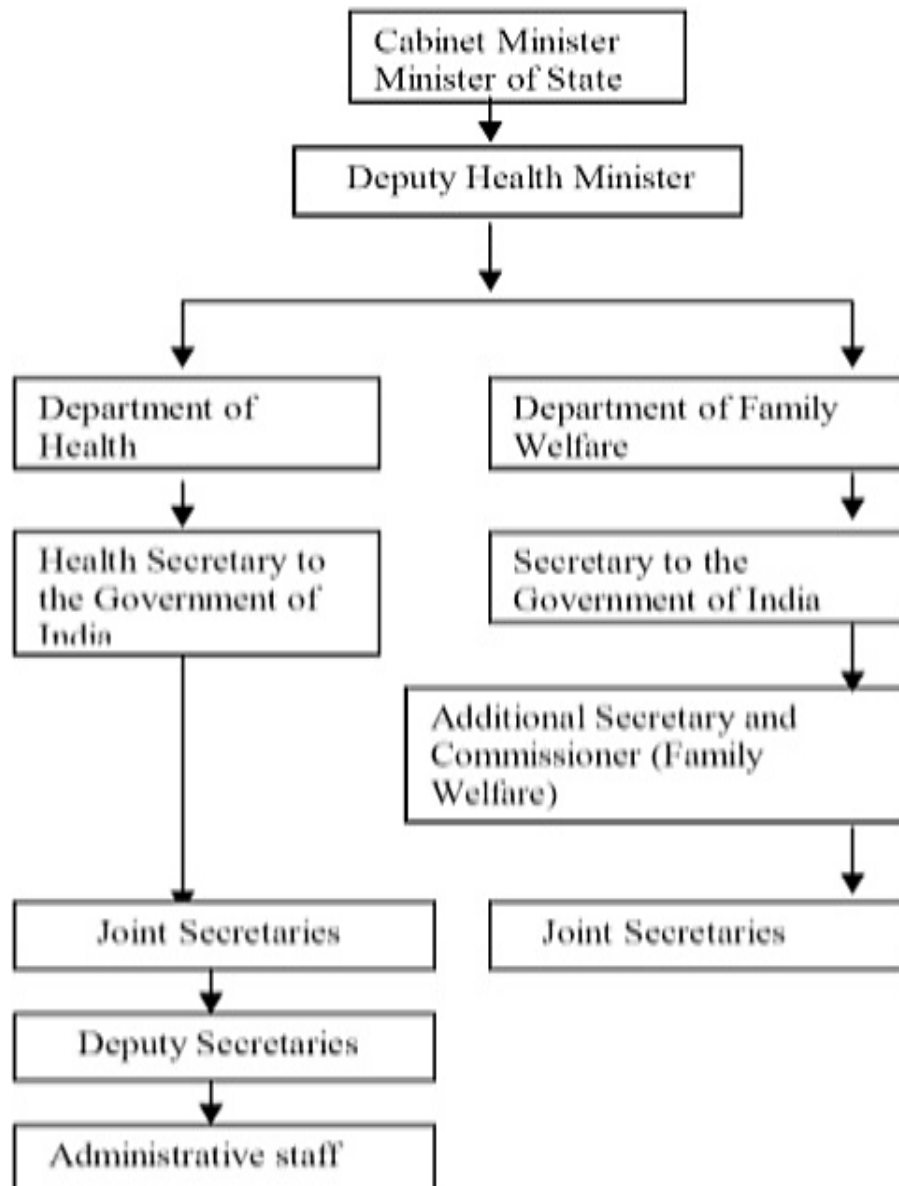

## At the central level

- ❑ The official “organs” of health system at national level are

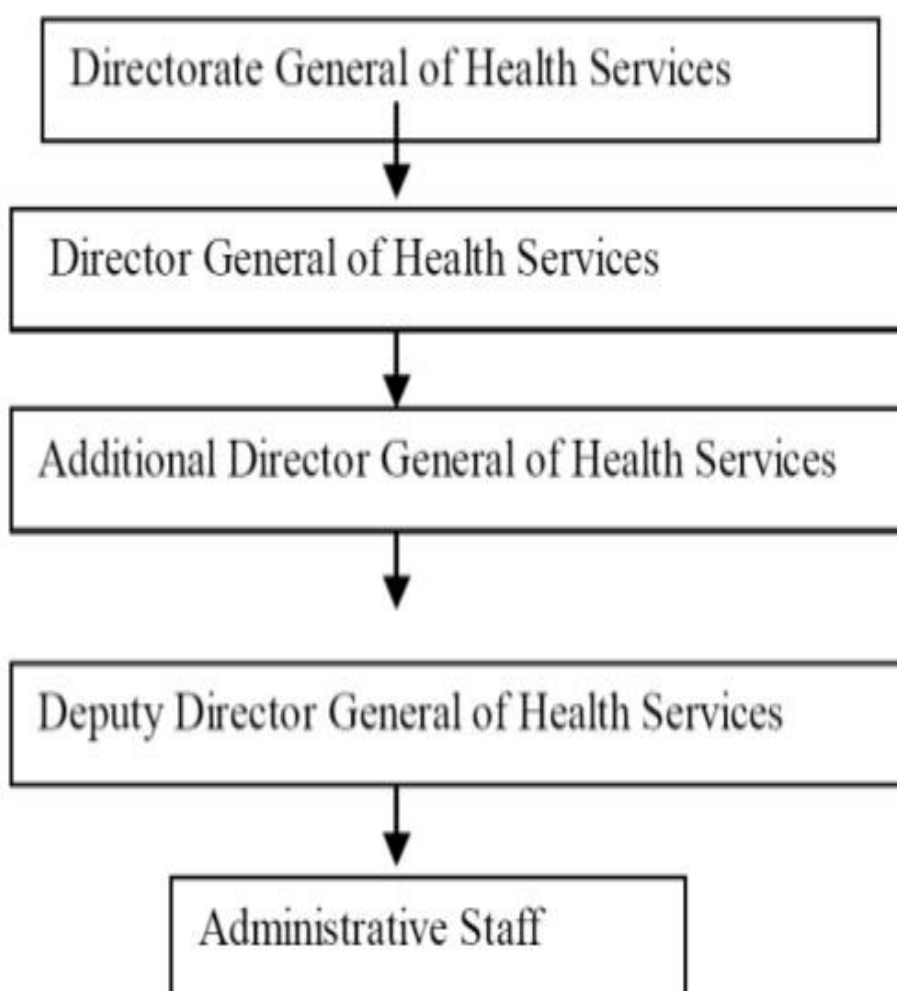

# Organization Structure

# Directorate General of Health Services

## Organization chart

# Central Council of health

## Organization chart

# State Level

## At District level

□ There are 593 ( year 2001 census) districts in India. Within each district, there are 6 types of administrative areas.

1. Sub –division
2. Tehsils ( Talukas )
3. Community Development Blocks
4. Municipalities and Corporations
5. Villages and
6. Panchayats
