

UNIT 3 - PT TREATMENT - Question Bank

15 Mark Questions

1. Discuss Chest mobility exercise in detail. (JIPMER 2021)
2. Discuss Cough mechanism in detail. (MRB 2023)
3. Discuss Incentive Spirometry in detail. (Kerala State Exam 2016)
4. Discuss Huff technique in detail. (MRB 2017)
5. Discuss Nebulization in detail. (AIIMS 2018)
6. Discuss Chest mobility exercise in detail. (Kerala State Exam 2022)
7. Discuss Huff technique in detail. (AIIMS 2016)
8. Discuss Huff technique in detail. (RRB 2019)
9. Discuss Nebulization in detail. (MRB 2022)
10. Discuss Ventilator modes and principles in detail. (MRB 2022)
11. Discuss Chest mobility exercise in detail. (AIIMS 2015)
12. Discuss Nebulization in detail. (Kerala State Exam 2017)
13. Discuss Huff technique in detail. (Kerala State Exam 2017)
14. Discuss Cough mechanism in detail. (RRB 2016)
15. Discuss Incentive Spirometry in detail. (AIIMS 2022)
16. Discuss Suctioning methods and complications in detail. (MRB 2018)
17. Discuss Active cycle of breathing in detail. (Kerala State Exam 2020)
18. Discuss Forced expiratory technique in detail. (AIIMS 2021)
19. Discuss Manual hyperinflation in detail. (RRB 2023)
20. Discuss Chest mobility exercise in detail. (Kerala State Exam 2021)

5 Mark Questions

1. Explain briefly: Nebulization. (MRB 2015)

2. Explain briefly: Huff technique. (AIIMS 2020)
3. Explain briefly: Active cycle of breathing. (Kerala State Exam 2023)
4. Explain briefly: Ventilator modes and principles. (JIPMER 2022)
5. Explain briefly: Active cycle of breathing. (AIIMS 2021)
6. Explain briefly: Thoracic expansion exercise. (RRB 2020)
7. Explain briefly: Huff technique. (Kerala State Exam 2019)
8. Explain briefly: Ventilator modes and principles. (JIPMER 2017)
9. Explain briefly: Postural drainage. (JIPMER 2022)
10. Explain briefly: Humidification. (AIIMS 2023)
11. Explain briefly: Incentive Spirometry. (MRB 2018)
12. Explain briefly: Postural drainage. (RRB 2015)
13. Explain briefly: Forced expiratory technique. (AIIMS 2015)
14. Explain briefly: Forced expiratory technique. (MRB 2023)
15. Explain briefly: Ventilator modes and principles. (JIPMER 2021)
16. Explain briefly: Active cycle of breathing. (MRB 2021)
17. Explain briefly: Active cycle of breathing. (MRB 2016)
18. Explain briefly: Active cycle of breathing. (MRB 2021)
19. Explain briefly: Postural drainage. (Kerala State Exam 2015)
20. Explain briefly: Ventilator modes and principles. (JIPMER 2020)
21. Explain briefly: Postural drainage. (JIPMER 2020)
22. Explain briefly: Thoracic expansion exercise. (RRB 2023)
23. Explain briefly: Nebulization. (AIIMS 2018)
24. Explain briefly: Suctioning methods and complications. (MRB 2022)
25. Explain briefly: Thoracic expansion exercise. (AIIMS 2016)
26. Explain briefly: Active cycle of breathing. (RRB 2015)
27. Explain briefly: Manual hyperinflation. (AIIMS 2020)
28. Explain briefly: Ventilator modes and principles. (Kerala State Exam 2015)
29. Explain briefly: Active cycle of breathing. (JIPMER 2023)
30. Explain briefly: Manual hyperinflation. (JIPMER 2022)

2 Mark Questions

1. Define/Write short notes on Thoracic expansion exercise. (Kerala State Exam 2017)
2. Define/Write short notes on Postural drainage. (JIPMER 2020)
3. Define/Write short notes on Suctioning methods and complications. (JIPMER 2018)
4. Define/Write short notes on Positive expiratory pressure. (RRB 2017)
5. Define/Write short notes on Humidification. (JIPMER 2022)
6. Define/Write short notes on Suctioning methods and complications. (RRB 2015)
7. Define/Write short notes on Forced expiratory technique. (RRB 2016)
8. Define/Write short notes on Manual hyperinflation. (AIIMS 2018)
9. Define/Write short notes on Manual hyperinflation. (RRB 2020)
10. Define/Write short notes on Chest mobility exercise. (RRB 2022)
11. Define/Write short notes on Incentive Spirometry. (RRB 2015)
12. Define/Write short notes on Suctioning methods and complications. (AIIMS 2019)
13. Define/Write short notes on Chest mobility exercise. (JIPMER 2020)
14. Define/Write short notes on Positive expiratory pressure. (Kerala State Exam 2015)
15. Define/Write short notes on Humidification. (MRB 2018)
16. Define/Write short notes on Huff technique. (Kerala State Exam 2018)
17. Define/Write short notes on Chest mobility exercise. (JIPMER 2017)
18. Define/Write short notes on Nebulization. (JIPMER 2020)
19. Define/Write short notes on Postural drainage. (AIIMS 2018)
20. Define/Write short notes on Cough mechanism. (MRB 2020)
21. Define/Write short notes on Cough mechanism. (RRB 2023)
22. Define/Write short notes on Manual hyperinflation. (JIPMER 2023)
23. Define/Write short notes on Suctioning methods and complications. (AIIMS 2016)
24. Define/Write short notes on Manual hyperinflation. (RRB 2017)
25. Define/Write short notes on Active cycle of breathing. (Kerala State Exam 2019)
26. Define/Write short notes on Cough mechanism. (MRB 2018)
27. Define/Write short notes on Vibrations and Percussion. (Kerala State Exam 2020)
28. Define/Write short notes on Huff technique. (Kerala State Exam 2022)
29. Define/Write short notes on Relaxation position for breathlessness. (RRB 2023)
30. Define/Write short notes on Relaxation position for breathlessness. (JIPMER 2019)
