

UNIT V – Muscle, Nerve, Cord Lesions & Miscellaneous Disorders

S.No	Question Type	Question	Year	Bloom's Taxonomy
1	Essay (15 Marks)	Discuss the pathophysiology, clinical features, and management of muscular dystrophy, including the role of physiotherapy in rehabilitation.	February 2010	Analyze
2		Describe the etiology, clinical presentation, and management of myopathies, emphasizing diagnostic approaches and therapeutic interventions.	August 2012	Analyze
3		Explain the clinical features, diagnosis, and management of spinal muscular atrophy, including its impact on motor function and physiotherapy strategies.	November 2021	Analyze
4		Discuss the causes, clinical features, and management of peripheral nerve injuries, focusing on rehabilitation techniques.	June 2022	Analyze
5		Describe the clinical features, diagnosis, and management of entrapment neuropathies, including carpal tunnel syndrome and its physiotherapy interventions.	October 2015	Analyze
6		Explain the pathophysiology, clinical findings, and management of paraplegia, including acute care and long-term rehabilitation strategies.	April 2020	Analyze
7		Discuss the clinical features, complications, and management of neurogenic bladder in spinal cord lesions, emphasizing bladder retraining programs.	August 2023	Analyze
8		Describe the pathophysiology, clinical presentation, and management of myasthenia gravis, including its neuromuscular implications and treatment approaches.	February 2013	Analyze
9		Discuss the clinical features, diagnosis, and management of motor neuron disease, focusing on amyotrophic lateral sclerosis and physiotherapy interventions.	November 2024	Analyze
10		Explain the types, clinical features, and management of intracranial tumors, including their neurological impact and rehabilitation strategies.	October 2016	Analyze
11	Short Notes	Types of muscular dystrophy.	August	Understand

S.No	Question Type	Question	Year	Bloom's Taxonomy
	(5 Marks)		2009	
12		Diagnostic tests for myopathies.	November 2022	Understand
13		Clinical features of spinal muscular atrophy.	April 2023	Understand
14		Management of carpal tunnel syndrome.	October 2021	Understand
15		Clinical features of peripheral neuropathies.	February 2020	Understand
16		Rehabilitation in quadriplegia.	August 2010	Understand
17		Types of neurogenic bladder.	November 2023	Remember
18		Clinical features of epilepsy.	August 2024	Understand
19		Diagnostic criteria for myasthenia gravis.	February 2011	Understand
20		Motor neuron disease classification.	October 2015	Understand
21	Short Answers (2 Marks)	Define muscular dystrophy.	September 2021	Remember
22		Name two clinical signs of myopathies.	January 2022	Remember
23		Define entrapment neuropathy.	June 2022	Remember
24		Name two causes of peripheral nerve injuries.	April 2023	Remember
25		Define paraplegia.	November 2023	Remember
26		Clinical signs of neurogenic bladder.	November 2023	Understand
27		Name two autonomic nervous system disorders.	February 2010	Remember
28		Define epilepsy.	August 2009	Remember
29		Clinical features of Alzheimer's disease.	August 2010	Understand
30		Role of CT scan in diagnosing intracranial tumors.	January 2022	Understand
